Announcement for 1869.

The Cincinnati Gazette.

THE WEEKLY GAZETTE.

Has it not been for frauds, SEYMOUR would not have carried a Northern State. The frauds in New York City gave him that State; and the illegal votes in Jersey City also were thrown out. Grant would have almost 1,000 in justify in New Jersey.

Letter from Kansas.

The following letter has been received by us for two weeks, owing to a press of other matter, but its topics are yet fresh. — ED. JOURNAL.

LAWRENCE, KANSAS, November 25, 1868.

TRANSLATING DAY.

ED. JOURNAL: This is the day, by the grace of A. JOHNSON, President, and Governor CROZIER, now so gallantly leading his regiment on in the plains to fight the Indian intruders of Kansas settlers. It is a big day — a hard day for the citizen-hearted. Many a lone soldier has gobbled his last gobble, and will no longer be "hard of the bowl and the braw." Thanksgiving Day is a big inspiration "out West." Every hour, I trust, is feeling thankful, and every mouth is filled with turkey and pumpkins.

There are a great many things that we ought to be thankful for. We ought to feel a spirit of gratitude to the people in fact, who have stuck to us and made us another that we have elected a President that won't make a speech, who will write short messages, that the press will especially appreciate this. — ED. JOURNAL.

The Democratic Department, which will be led by Mr. JAMES A. WADSWORTH, will know a practical and scientific Recruitmaster. This will contain directions for the selection and management of trait troops, &c., and will prove to be most valuable.

The new year will be soon on, or about the first of January, and will bring *so much* to all subscribers to the Weekly Gazette, who either subscribe to previous or subsequent issues, or will be induced to do so. Their subscription will be increased for new subscribers, the intention being to make a present of this valuable work to every subscriber.

The Democratic Department will also receive extra attention. A reasonable space will be given for the publication of fine class stories, original and otherwise, that will especially appreciate this.

ED. JOURNAL: The Weekly Gazette remains more reading than any other newspaper published in the United States, and when it is considered in the light of the great public interest it holds, it is also the clearest. Our American, as far as it violates the law, is master of his own soul, and the sole author of his own fortune.

Of their imminent results, the importance and the beneficence will be more and more palpable with every added year.

ED. JOURNAL: The Weekly Gazette remains more reading than any other newspaper published in the United States, and when it is considered in the light of the great public interest it holds, it is also the clearest. Our American, as far as it violates the law, is master of his own soul, and the sole author of his own fortune.

The Democrats are most popular, and now, I feel, about on this score, but they will probably be very long in getting there. They are still the best, and we are still the best.

In this issue we all feel grateful for boundless general health, rapid progress of the State, and that we have upwards of forty millions of acres of land to give away to those who are in need of homes, and are enter-

prising enough to get them and till the soil.

In the spirit of Christianity and union, the churches have united in this city, and a sermon is to be preached to-day at the First Presbyterian Church, appropriate for the season.

This is the true manner of spending the day — first, in the spirit of time keeping, and thankfulness, and then with a reasonable share of the good things of earth on the table.

IMPROVEMENTS.

In this city, have been quite extensive this season. We have built many fine residences, business houses and churches. A large and commodious market-hall is just being completed. The Court house is well under way, and will be completed by next March.

EDUCATION.

The dry goods dealers seem to be taking their turn at reaping the great harvest. We notice all along the street a general up-heaving of all sorts of fabrics, new, nice and fine, upon the counters, while proportion and clocks, with light hearts and smiling faces, descend in wads of glowing eloquence, to their numerous customers, upon the unvaried merits of the goods.

Thus it is with all classes of trade with us. The truth is our dealers have unusually large and choice assortments this season and can therefore deserve powers with a clear conscience. With the election of General Grant into Presidency, we may now hope to see all branches of business throughout the country enter into a glorious chapter, and close along with unabated prosperity and success. — T. A. G.
